

# OUR GOAL: SAFE, ACCURATE, ON TIME, EVERY TIME

Updated 03/01/2023

ECM has invested in technology to create a better workflow and provide on time, accurate deliveries:

- **Tier 1 Digital Warehouse Management System** allowing us to quickly and accurately pick and ship orders
- **Order processing vehicle technology** to increase speed
- **Automated parcel shipping center** with integrated scanning technology and order weight auditing
- **Over 5,000 skus with scannable upc** for accurate picking and inventory management
- **EDI Capabilities** for easy order entry of all applicable customers
